

# Rethinking I-94 Phase 2

## Transit Working Group

### Monthly Meetings Recap:

*The following is a summary of topics, outcomes, and action items that were discussed at the Transit Working Group meetings*

#### April 2019

- No meeting

#### March 2019

- No meeting

#### February 2019

- No meeting

#### January 2019

- No meeting

#### December 2019

- No meeting

#### November 2019

- In November, the group discussed the draft Existing Transit Conditions memo. A presentation of the memo was provided. The group discussed existing and planned transit services that may impact the corridor. There was discussion on the eight existing bus routes that use I-94. The group further discussed possible traffic forecasting, including simulating buses on the shoulder lanes. Committee members were asked to provide written comments on the draft memo. There were some clarifications about committee member roles and providing comments.
- Follow-Up: Consultant staff met with Metro Transit staff following the meeting and made additional document revisions. MnDOT staff and consultant staff made further revisions to be consistent with existing logical termini and to focus on documented needs.

#### October 2019

- No meeting

#### September 2019

- Express Bus Routes: The group reviewed and discussed data regarding the Route 94 Express Bus focusing on average speed, travel time, ridership trends, and boarding patterns. Other express bus routes and local routes were discussed. Information on ridership was also discussed. Metro Transit will be providing data for use in the Purpose and Need document. A draft memo on existing transit conditions within the corridor will also be developed.
