

TH 87 Segments 2 and 3 - Residential South Side Parking Option

Corridor Wide Improvements

- A 2 lane urban section
- B Separated continuous protected shared use path
- C Continuous concrete walk

Pros/Cons to the South Side Parking Option

Pros:

- Parking is Maintained
- Minor centerline shift
- Sight distance at 2nd St is improved

Cons:

- Consistency of 12' lanes can not be carried throughout corridor, which may be an issue with oversized vehicles and snow plows
- No parking from Maple Avenue to Juniper Ave

Segment 2 - Causeway

Segment 3 - Residential Area South Side Parking Option
