

# DISTRICT 7 STP SMALL URBAN FUNDS

## Ranking of City Streets/Bridges

ATP 7, 2017 - 2020

### INSTRUCTIONS

The STP-Small Urban program is managed by the Area Transportation Partnership (ATP). STP funding is designated for use on federal-aid eligible roads based on the distribution of roads by population.

Small urban areas are those urban places having a population of 5,000 or more. In District 7 there are eight cities that meet this definition:

Fairmont	North Mankato
Mankato	St. Peter
New Prague	Waseca
New Ulm	Worthington

Project solicitation occurs annually and is usually kicked-off late-Fall/early-Winter. Interested applicants must complete the required application form in order to apply for STP-Small Urban funding. Applications will be reviewed and ranked by the ATP subcommittee, who will select the top project(s).

This file contains the STP-Small Urban application for the FY20 solicitation. Interested applicants should complete the STP-Small Urban-Page 1 and STP-Small Urban-Page 2 worksheets.

#### STP-Small Urban-Page 1 instructions:

1. In the upper right hand corner enter the Applicant name and Project Description
2. Review the "Unit Feature" items and "Examples" and enter the appropriate number of points under the "Submitters Pts Assigned" column
3. Applicants are strongly encouraged to provide additional information regarding the project in the column labeled "Comments". Applications that include further details in the Comments column will rank higher.

#### STP-Small Urban-Page 2 instructions:

1. Review the Risk Screening questions. Check the box next to the appropriate response (Yes or No). Also select the box that best describes your level of comfort with your response to the question.
2. Sign and date the form (electronic signatures will be accepted)
