Letter of Intent (LOI)

Review Process

Interested applicants must first complete a Letter of Intent (LOI) for their project to be eligible to participate in the TAP project solicitation. Program Eligibility Requirements are [available here](#). Upon completion, the LOIs will be distributed to the appropriate Regional Development Organization (RDO), Metropolitan Planning Organization (MPO) or MnDOT District (see maps/contact information on following pages) for review before an applicant may proceed. The reviewing party will discuss the project with the applicant and either recommend or not recommend that the applicant proceed to the full TAP application. The goal of this initial review is to ensure project eligibility and determine project readiness prior to submittal of the full application. A recommendation to proceed will be received by the applicant on or before December 1, 2013.

If you wish to apply, please use this worksheet to prepare all your responses before submitting online by clicking Submit at the end of this form. TAP will only review LOI submitted through its webpage. All requests must be submitted by November 15, 2013. Throughout this LOI please be specific about the work for which you are seeking support and avoid jargon.
