Dear Chris,

I am pleased to inform you that your submission for the Lester River Bridge Rehabilitation project has been chosen by the judges to receive an Award of Merit in the Transportation category in the ICRI 2011 Project Awards Program. On behalf of ICRI, I offer congratulations on receiving this honor.

The formal award will be given at a dinner honoring all the winners to be held at the Westin Cincinnati, in Cincinnati, Ohio, on Thursday evening, October 13, 2011, during the ICRI fall convention. Further details about the program can be found in the enclosed convention brochure.

I look forward to seeing you in Cincinnati and welcoming you to the very select group of companies that have received an ICRI project award.

Sincerely,

Kelly M. Page
Executive/Technical Director
