Public Hearing Record

A public hearing and open house for the I-35W North Corridor Preliminary Design Project was held as follows:

- Tuesday, September 13, 2016 from 5:30 p.m. to 6:30 p.m. at Eagle Brook Church (3603 95th Avenue, Blaine); and
- Wednesday, September 14, 2016 from 5:30 p.m. to 6:30 p.m. at New Brighton City Hall (803 Old Highway 8, New Brighton).

Seventeen (17) individuals attended the public hearing/open house meetings. The purpose of the meetings was to provide an update on the project and receive comments on the EA/EAW. At the public hearing, attendees were invited to provide comments through one of two ways: written comments (on comment cards provided at the meeting) and oral statements to a certified court reporter. Copies of all written and oral testimonies are included in Appendix B of this Findings document along with responses to substantive comments.

Staff from MnDOT and their consultant were on hand at the public hearing/open house meeting to discuss the project and to answer questions. Several informational items regarding the project were made available at the meeting including the following:

- Project Layout
- Project Display Boards
 - Purpose of the Project
 - I-35W Interchanges (CR I and I-694)
 - Noise Wall Locations Overview Maps
- General Project Factsheet
- Maps with Proposed Noise Wall Locations
- Comment & Feedback Form

Spanish was identified through U.S. Census data as being the most prominent non-English language spoken along the project corridor. Therefore, the informational handout materials and comment cards were translated into Spanish and made available along with the English version at the public meetings. Translation of the informational materials into additional alternate languages was available upon request; interpreters also were to be provided at either public meeting upon request. No requests for additional translations or interpreters were received.

Included on the following pages are copies of the newspaper legal notices and Minnesota Environmental Quality Board (EQB) *Monitor* publication that announced the availability of the EA/EAW and provided details of the public hearing/open house meeting.

Project Title: I-35W North Corridor Preliminary Design Project

Comment Deadline: September 28, 2016

Project Description: The Minnesota Department of Transportation (MnDOT) is proposing construction of MnPASS lanes on I-35W from County Road C in Roseville to Lexington Avenue in Blaine (approximately 10 miles). The project also includes pavement rehabilitation on I-35W from County Road C in Roseville to Sunset Avenue in Lino Lakes (approximately 11 miles), construction of auxiliary lanes on I-35W through the I-694 interchange area, construction of auxiliary lanes in the I-35W/TH 10 commons area, and construction of a westbound auxiliary lane on TH 10 from I-35W to 93rd Lane. The project also proposes construction of stormwater basins and eight noise walls. The Environmental Assessment describes the proposed project, impacts, and mitigation.

EQB Monitor Notice

Copies of the Environmental Assessment are available for public viewing on the project web-site: <http://www.dot.state.mn.us/metro/projects/i35wroseville/index.html> and during business hours at the following locations:

EQB Monitor Notice

Environmental Assessment Worksheet Need Decision

The proposer for the project identified below has initiated the environmental review process for an Environmental Assessment Worksheet (EAW) to be prepared by the noted responsible governmental unit.

- Minnesota Pollution Control Agency, Tire Aggregate, LLC Waste Tire Facility (Discretionary EAW prepared by the Minnesota Pollution Control Agency)

Environmental Impact Statement Need Decisions

The noted responsible governmental unit has determined the following project does not require preparation of an Environmental Impact Statement. The dates given are, respectively, the date of the determination and the date the Environmental Assessment Worksheet notice was published in the EQB *Monitor*.

- Minnesota Department of Transportation, Interstate 35W and Lake Street Improvement Project, 8-10-16 (3-28-16)
- City of Duluth, 2016-2017 Spirit Mountain Recreation Area Improvements – Duluth, MN, 8-9-16 (6-13-16)

Final Environmental Impact Statement

Project Title: Detroit Lakes - Becker County Airport Runway Shift/Extension & Associated Improvements

Comment Deadline: September 13, 2016

Project Description: A Final State Environmental Impact Statement (EIS) has been prepared for the subject project in accordance with the State of Minnesota Administrative Rule 4410, Section 2700. The proposed project falls within a mandatory EIS category under Minnesota Administrative Rule 4410, Section 4400, which declares that a State EIS is required "for construction of a paved and lighted airport runway of 5,000 feet of length or greater." Because the project will utilize Federal funding and therefore also requires a Federal Environmental Assessment (EA), the Federal EA will be utilized as the State EIS to reduce duplication between Minnesota Statutes, Chapter 116D, and the National Environmental Policy Act, United States Code 1976, Title 42, Sections 4321 to 4361, as permitted under Minnesota Administrative Rule 4410, Section 3900.

The Final Federal EA / State EIS has been revised to respond to timely substantive comments on the Draft Federal EA / State EIS, which was made available for public review and comment from June 6 to July 18, 2016, a period of 42 days, and to satisfy standards identified in

EQB Monitor Notice

Minnesota Administrative Rule 4410, Section 2300. The joint Federal EA / State EIS identifies a preferred alternative and evaluates the effects of this alternative on the surrounding natural, social, and economic environments. The proposed action includes the following:

- A shift, extension, widening, and reconstruction of the Airport's primary runway and parallel taxiway to meet FAA and MnDOT design standards and operator runway length requirements;
- Removal and replacement of two taxiways connecting the primary runway and parallel taxiway;
- Implementation of an instrument approach to the Airport's primary runway with CAT-I minimums (1/2 statute mile visibility and 200-foot cloud ceiling height) to meet MnDOT requirements;
- Relocation of the Airport's Automated Weather Observing System (AWOS);
- Relocation of runway edge lights, runway end identifier lights (REILS), and visual approach slope indicator units (VASI);
- Installation of a medium intensity approach lighting system with runway alignment indicator lights (MALSR);
- Construction of an access road for the MALSR to accommodate maintenance; and
- Property acquisition to accommodate the runway and approach improvements.

Copies of the Final Federal EA / State EIS have been distributed to agencies that received copies of and/or submitted substantive comments on the Draft Federal EA / State EIS. A copy may also be obtained by contacting Evan Barrett at 952-641-8820 or via email at evan.barrett@meadhunt.com. Copies of the document are also available for review at the Detroit Lakes Public Library at 1000 Washington Avenue, Detroit Lakes, MN; and at the City Administration Building, 1025 Roosevelt Avenue, Detroit Lakes, MN. Written comments on the adequacy of this final document will be accepted through September 13, 2016. Comments may be directed to Evan Barrett, AICP, Mead & Hunt, Inc., 7900 W 78th Street, Minneapolis, MN 55439; or via email to evan.barrett@meadhunt.com. Following the close of the Final Federal EA / State EIS comment period, the City of Detroit Lakes, as the responsible government unit, will then make a determination of the adequacy of the State EIS. A notice of the Adequacy Determination will be published in the EQB *Monitor*.

AFFIDAVIT OF PUBLICATION

STATE OF MINNESOTA)
COUNTY OF HENNEPIN)

650 3rd Ave. S., Suite 1300 | Minneapolis, MN | 55488

Toni Ferdelman, being first duly sworn, on oath states as follows:

1. (S)He is and during all times herein stated has been an employee of the Star Tribune Media Company LLC, a Delaware limited liability company with offices at 650 Third Ave. S., Suite 1300, Minneapolis, Minnesota 55488, or the publisher's designated agent. I have personal knowledge of the facts stated in this Affidavit, which is made pursuant to Minnesota Statutes §331A.07.
2. The newspaper has complied with all of the requirements to constitute a qualified newspaper under Minnesota law, including those requirements found in Minnesota Statutes §331A.02.
3. The dates of the month and the year and day of the week upon which the public notice attached/copied below was published in the newspaper are as follows:
Monday, August 29, 2016
4. The publisher's lowest classified rate paid by commercial users for comparable space, as determined pursuant to § 331A.06, is as follows: **\$649.60.**
5. Mortgage Foreclosure Notices. Pursuant to Minnesota Statutes §580.033 relating to the publication of mortgage foreclosure notices: The newspaper's known office of issue is located in Hennepin County. The newspaper complies with the conditions described in §580.033, subd. 1, clause (1) or (2). If the newspaper's known office of issue is located in a county adjoining the county where the mortgaged premises or some part of the mortgaged premises described in the notice are located, a substantial portion of the newspaper's circulation is in the latter county.

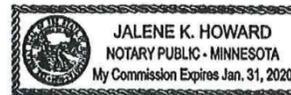

FURTHER YOUR AFFIANT SAITH NOT.
