To whom it may concern:

The following IFS Coatings powders listed below, will perform as described in the MnDOT specification, providing all aspects of substrate preparation are adhered to, as well as correct curing of the powders. The powder will meet the color and gloss expectations outlined per AAMA 2604 requirements.

IFS Product	Recommended Film Thickness
ELSS 73127 Primer	1.5-2.5 DFT
SRSS 47528 Top Coat	2.0-4.0 DFT

If we can provide further information, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dr. Rajendra K Polu'. The signature is written in a cursive, flowing style.
