

Approved Preformed Joint Fillers Program March 3, 2017

The Minnesota Department of Transportation (MnDOT) will only accept Preformed Joint Fillers from the MnDOT Approved/Qualified Products List. This applies to all Preformed Joint Fillers sold to contractors for use on MnDOT projects.

For Preformed Joint Fillers to be approved by MnDOT, a Manufacturer must demonstrate an ability to manufacture Preformed Joint Fillers meeting the requirements of MnDOT Specifications 3702, "Preformed Joint Fillers."

The Manufacturer must comply with the following:

A. Reference Samples and Information

The Manufacturer shall submit the following for approval:

- Five (5) samples of the Preformed Joint Filler measuring 4 by 4 inches.
- Materials Safety Data Sheet (MSDS)
- Technical Data Information Sheet
- Recommended storage and protection procedures

B. Testing

The product will be visually inspected and tested in accordance with MnDOT Specifications 3702, "Preformed Joint Fillers."

C. Certification

Each product shall be accompanied by the Manufacturer's written certification indicating the product name and type, original manufacture date, and certifying that the product meets MnDOT Specifications 3702, "Preformed Joint Fillers."

D. Documentation, Record Keeping and Tracking

The Manufacturer/Supplier of the Preformed Joint Fillers shall furnish with each shipment a Certificate of Compliance in accordance with MnDOT Specifications 1603.3, "Certificate of Compliance." Include with the Certificate of Compliance the recommended storage and protection procedures.

E. Non-Compliance

If future samples of these materials do not meet MnDOT Specifications 3702, "Preformed Joint Fillers," the product may be removed from the approved product list and subject to MnDOT Specifications 1608, "Unacceptable Materials."

Please note that it is the Manufacturer's responsibility to immediately notify MnDOT if any product is changed or modified, or if the product is no longer being produced.

The list of approved products may be found on the MnDOT Approved/Qualified Products website at <http://www.dot.state.mn.us/products/index.html>

Reference samples and information shall be sent to:
